

Application Case Histories

- Ball Bearing manufacturer
Steel bearing balls (1/4"-1"
dia.)mirror finish
Large surface area

Application Case Histories

Steel bearing balls

Application Case Histories

Stamped steel manufacturer

Stamped steel parts stored in a 55 gallon metal drum

Large surface area

Daubrite 5 solved the problem

Small parts manufacturer

2000 or more steel parts stored in a PE bag

Disk emitter 5 solved the problem

Conclusions

Daubrite emitters deliver VCI chemicals effectively

Protects Steel, galvanized steel and Copper

Small in size and high dosage of VCI chemicals

Case histories show utility in high surface area applications
